

THE MESSAGE

The Pocket Size Directions For Living.

May we just give you our blessing and ask you to keep faith, to keep your trust. To look for the good and not the bad. To give love wherever you can possibly give it. Never mind what other people say. Never mind whether the circumstances go against you. Never mind the obstacles that you come up against.

If you give **LOVE** with all your hearts then you will have achieved what you came to the Earth to do. And when you leave it behind you will find that you can look into Spirit and you can say "I have done what I could".

Goodnight and God bless you all..
